- **ACTION POINTS:**
  1. Spanish mobility.
  2. Next meeting.

### **1. SPANISH MOBILITY.**

This meeting aims to assess the current situation derived by the coronaviruses in the countries participating in this project with a view to the next mobility in Spain at the end of November.

The Spanish coordinator has spoken with the National Agency of Spain to find out the possible options that we have, which are the following:

- Mobility can be postponed for all members.
- Mobility can be done in person with all partners.
- Mobility can be carried out in both options at the same time, that is, partners who can travel do the mobility in person, and partners who cannot travel do the mobility online. The host country prepares the activities so that they can be carried out in person and online simultaneously.

Currently the conditions in all countries allow mobility in person, so all agree to prepare the in person mobility. We give ourselves until November 1st for the possibility of any change. From that date the schools will buy the plane tickets.

Spain has already prepared all the activities to be carried out in person, now it will prepare a schedule for the possibility of combined modality and adapt the activities.

### **2. NEXT TEACHER’S MEETING.**

All the members agree to have the next teacher’s meeting on Thursday **4<sup>th</sup> november**, at 5:30 in the afternoon (Spanish hour) by Google Meet.
