### **1. REVIEW OF OCTOBER ACTIVITIES.**

- Week against climate change. In Spain all the students of the school have participated, and all the photos and videos has been uploaded to the project webpage, Facebook, school webpage and blogs. In Italy everything goes good and they have uploaded the photos to Facebook and school webpage, now they will uploaded to the project webpage. Romania has done all the activities and also uploaded everything in the project webpage. Greece is ok with all the activities, and next week will uploaded the photos and videos.
- Training for students on climate change. In Spain the 4 sixth grade classes have participated. School teachers had prepared some videos and a Kahoot game. In Greece they prepare a similar activities at school. Italy and Romania have use the training we did on Monday of the climate change week.

### **2. NOVEMBER ACTIVITIES.**

- Visit to a Protected Natural Park. Each school will organize an outing to a protected natural park. We have to upload photos of the excursion. In Spain students of fifth grade will visit the protected natural park of the mountains of Madrid (our community) and we will try also the students of sixth grade can go later. Romania, Greece and Italy can not travel to a Protected Natural Park right now. They will try to make the travel next month, or prepare a virtual trip.

---

- Research work on the Protected Natural Park that has been visited. After the trip, the students will prepare a work on this Natural Park, with photos taken by them.
- Creating a virtual collaborative book: Students will prepare a collaborative book with the research work done of Natural Parks. We will use the collaborative tool: Storyjumper.
- First Video conference through eTwinning: We will have a virtual meeting of students from the 4 schools before the trip. This video call will be made in the afternoon. We decided it will take place on Thursday 18<sup>th</sup> at 5:30 PM. (Spanish hour).

Each student prepares a very small presentation about themselves (2 minutes maximum). It can be spoken or with photos. They will tell their name, tastes, level of English, hobbies, family ... and they will be presented together with their match partners.

That is, for example, Spain begins with a student who introduces himself and presents his/her match partner. Then the Romanian/Greece/Italian student introduces himself and they have the opportunity to meet each other. Then we move back to Spain, another Spanish student introduces himself and says who is his match partner; then his/her match partner introduces himself and they meet each other. And so on until the 24 students present themselves. Also teachers that will participate in this mobility can presents themselves. This meeting will be organized by Spanish team.

### **3. SPANISH MOBILITY.**

- Teachers that will participate in this mobility: Marta, Tania, Raúl, Sonia Peñalba, María, Gema, the principal Sonia Reche, and the hedmaster Raquel from Spain. Fotini and Vivi from Greece. Nicoletta and Dorina from Romania. María Antonietta and Matilde from Italy.
- Students that will participate in this mobility: 12 students of sixth grade from Spain, 4 students from Greece, 4 students from Italy, 4 students from Romania.
- Hotel: All countries will stay at "Hotel Madrid Torrejón Plaza" which is near school (15 minutes walking more or less)
- Arrival: The day of arrival teachers of Spanish school will go to the airport to welcome the participants of the mobility and will bring them to the hotel. When each school knows the time of arrival at Madrid airport they will tell the Spanish team, so we can organize.

Venera tells that Romanian team will arrive at 9:30 PM on Sunday 28<sup>th</sup> November. Vivi explains that Greek team will arrive on Sunday by direct flight ad will leave by train to Barcelona where they will take a plane home. Italian team does not know yet.

---

- First day: Two Spanish teachers (Tania and Marta) will go to the hotel at 9 AM to welcome everyone and show the way to go to school.
- Important information: The Spanish team will give all the important information about security numbers, police numbers, telephone numbers...
- Communication channels: It is better to use a Whatsapp group to communicate during the mobility because it is easier and faster. We will create a new Whatsapp group with the teachers involved in this mobility, so we can not disturb others teachers of this project.

#### **4. NEXT TEACHER'S MEETING.**

All the members agree to have the next teacher's meeting on Wednesday **24<sup>th</sup> november**, at 6:00 in the afternoon (Spanish hour) by Google Meet.
