The name of the magazine will be decided with a voting contest with all the suggestions done by students of the four countries. Romania and Italy will send next day their ideas. The vote contest will be **open from 12th to 14th of May**. The vote will be online with Tricider. The link will be shared on eTwinning. Students and teachers can vote 3 names.

The cover of the magazine will be done with a picture/drawing of each country, like a collage. Romania and Italy will send their proposals next days.

The ideas for the tittle and the cover has to be sent to Tania by mail. The articles, interviews, news... for the magazine also has to be sent by mail to Tania. It is important the text is in a Word document, and the pictures and avatars of the authors has to be attached to the mail in the original format.

2. DAY OF THE ENVIRONMENT.

The 5th of May is the day of the environment. We will celebrate this day watching a video made by them singing a song together. The song will be prepared the previous days. Each country will prepare a video of a part of the song with the students, singing and dancing/moving. Tania will paste all the videos together.

The first song proposed is “Sing for the climate” but the music have some negative connotations in Italy, so we decided to change it. All can propose a new song. Raul from Spain propose: “Reduce, reuse and recycle” from Jack Johnson. We will investigate the copyright for the use of this song.

The videos have to be sent to Tania by mail.

Deadline to send the videos: 31st of May.

3. JUNE FINAL ACTIVITY.

The last activity for this school year will be an assessment of the activities carried out in the first year of the project. Tania will share a padlet where students and teachers can write and comment what they have learnt, what they have enjoyed the most, what can be done better, what are their feelings about the project... They can also uploaded their avatar to sign their comment.
