1. STUDENTS PRESENTATIONS.

This afternoon we have shared some time with the students who are going to work more directly on mobility activities in Spain.

The students from the four countries have prepared a brief presentation of themselves, where they have said their names, places of origin, have talked about their families, their hobbies, ... In this way the students have had the opportunity to begin get to know each other better. It has been a unique opportunity that we have all enjoyed very much.

The order that we follow in the meeting was:

1. Spanish students with Greek students.
2. Spanish students with Italian students.
3. Spanish students with Romanian students.

Some of the students also shares a PPT presentation to help to introduce themselves.
